

BIS MITRA DEMO DATA — SYNTHETIC / NOT OFFICIAL BIS DATA

BIS MITRA Synthetic Laboratory Directory

Domain 5 - BIS Laboratories / Testing

DEMO DATASET NOTICE: All names, identifiers, references, relationships, statuses and dates in this file are fictional and created solely for BIS MITRA demonstration purposes. They are not official BIS records.

Directory summary

Item	Value
Synthetic laboratory records	11
Active laboratories	10
Suspended laboratories	1
States represented	Gujarat, Haryana, Karnataka, Kerala, Maharashtra, Odisha, Rajasthan, Tamil Nadu, Telangana, Uttar Pradesh
Cross-domain standards	IS DEMO 1001:2026, IS DEMO 1002:2025, IS DEMO 1003:2025, IS DEMO 1004:2024, IS DEMO 1005:2026, IS DEMO 1006:2025, IS DEMO 1007:2025, IS DEMO 1008:2024, IS DEMO 1009:2026, IS DEMO 1010:2023, IS DEMO 1011:2026, IS DEMO 1014:2025

LAB-DEMO-001 - Record 1

Identity and status

Location and contact

Scope and products

Testing capability

Search terms

Field	Value
demo id	LAB-DEMO-001
laboratory name	ApexLab Industrial Testing Centre (Synthetic)
laboratory id	LAB-ID-DEMO-001
registration number	REG-LAB-DEMO-001
laboratory status	Active
accreditation status	Synthetic accreditation reference active
accreditation reference	ACC-DEMO-MH-26001
status date	2026-08-01
validity end date	2027-07-31
location	Demo Industrial Estate, Pune, Maharashtra
state	Maharashtra
contact reference	LAB-CONTACT-DEMO-001
scope of testing	Electrical safety and performance testing for domestic appliances and low-voltage products.
product categories	Electrical appliances; heating appliances; cooking appliances; low-voltage consumer products
applicable standards	IS DEMO 1003:2025; IS DEMO 1014:2025
test methods	Insulation resistance; dielectric strength; leakage current; earth continuity; temperature rise; energy performance checks
available tests	Electrical safety; insulation; dielectric withstand; leakage current; earth continuity; temperature rise; basic performance testing
equipment / capabilities	Programmable AC source; hipot tester; insulation resistance meter; leakage current analyser; thermocouple data logger; power analyser
sample types	Finished appliances; production samples; representative electrical subassemblies
sample submission requirements	Submit one traceable production sample with model identification, rated input details, wiring diagram and test request form.
typical turnaround days	5
report reference examples	LAB-RPT-DEMO-001-26041; LAB-RPT-DEMO-001-26058
keywords	electrical safety; induction appliance; water heater; insulation; leakage current
synonyms	electrical testing lab; appliance test lab; safety testing laboratory; electrical compliance lab

LAB-DEMO-002 - Record 2

Identity and status

Location and contact

Scope and products

Testing capability

Search terms

Field	Value
demo id	LAB-DEMO-002
laboratory name	Sahaya Materials Evaluation Lab (Synthetic)
laboratory id	LAB-ID-DEMO-002
registration number	REG-LAB-DEMO-002
laboratory status	Active
accreditation status	Synthetic accreditation reference active
accreditation reference	ACC-DEMO-GJ-26002
status date	2026-07-15
validity end date	2027-07-14
location	Demo Materials Park, Ahmedabad, Gujarat
state	Gujarat
contact reference	LAB-CONTACT-DEMO-002
scope of testing	Mechanical and material testing for construction materials, repair products and polymeric components.
product categories	Construction materials; repair mortars; pipes; polymer components
applicable standards	IS DEMO 1004:2024; IS DEMO 1010:2023; IS DEMO 1011:2026
test methods	Compressive strength; flexural strength; adhesion pull-off; density; dimensional verification; hydrostatic pressure checks
available tests	Mortar strength; bond strength; density; dimensional checks; pipe pressure testing; water absorption
equipment / capabilities	Compression testing machine; flexural frame; pull-off tester; precision balance; pressure test rig; environmental chamber
sample types	Powdered mortar; cured cubes; coated coupons; pipe sections; moulded polymer specimens
sample submission requirements	Submit labelled samples with batch code, declared grade and cure/conditioning history where applicable.
typical turnaround days	7
report reference examples	LAB-RPT-DEMO-002-26022; LAB-RPT-DEMO-002-26037
keywords	construction materials; mortar; mechanical testing; pipe testing; compressive strength
synonyms	materials lab; construction test laboratory; mortar testing lab; mechanical testing lab

LAB-DEMO-003 - Record 3

Identity and status

Location and contact

Scope and products

Testing capability

Search terms

Field	Value
demo id	LAB-DEMO-003
laboratory name	NutriSure Food Contact Analytics Lab (Synthetic)
laboratory id	LAB-ID-DEMO-003
registration number	REG-LAB-DEMO-003
laboratory status	Active
accreditation status	Synthetic accreditation reference active
accreditation reference	ACC-DEMO-KA-26003
status date	2026-08-12
validity end date	2027-08-11
location	Demo Food Innovation Zone, Bengaluru, Karnataka
state	Karnataka
contact reference	LAB-CONTACT-DEMO-003
scope of testing	Chemical, migration and hygiene-related testing of food-contact packaging and utensils.
product categories	Food packaging; polymer films; stainless steel utensils; food-contact articles
applicable standards	IS DEMO 1002:2025; IS DEMO 1006:2025
test methods	Overall migration simulation; extractable metals screen; material identity checks; odour/taste screening; surface cleanliness assessment
available tests	Food-contact migration; elemental screening; polymer identification; extractables; hygiene-related surface checks
equipment / capabilities	GC screening platform; ICP-OES elemental analyser; FTIR spectrometer; controlled migration cells; incubators
sample types	Polymer films; pouches; laminated packs; stainless steel utensils; cut sections
sample submission requirements	Submit representative article or material coupons with intended food-contact use and declared temperature/time conditions.
typical turnaround days	8
report reference examples	LAB-RPT-DEMO-003-26014; LAB-RPT-DEMO-003-26031
keywords	food testing; food contact; migration; polymer packaging; stainless steel
synonyms	food contact lab; packaging test lab; migration testing laboratory; utensil testing lab

LAB-DEMO-004 - Record 4

Identity and status

Location and contact

Scope and products

Testing capability

Search terms

Field	Value
demo id	LAB-DEMO-004
laboratory name	BuildMet Mechanical & Fire Materials Lab (Synthetic)
laboratory id	LAB-ID-DEMO-004
registration number	REG-LAB-DEMO-004
laboratory status	Active
accreditation status	Synthetic accreditation reference active
accreditation reference	ACC-DEMO-TS-26004
status date	2026-06-30
validity end date	2027-06-29
location	Demo Construction Hub, Hyderabad, Telangana
state	Telangana
contact reference	LAB-CONTACT-DEMO-004
scope of testing	Mechanical performance, environmental conditioning and material durability for building products.
product categories	Construction materials; cementitious products; protective coatings
applicable standards	IS DEMO 1004:2024; IS DEMO 1008:2024
test methods	Compression; flexure; water absorption; abrasion resistance; accelerated conditioning; dimensional stability
available tests	Compressive strength; flexural strength; abrasion; water absorption; dimensional stability; conditioning
equipment / capabilities	Universal testing machine; abrasion wheel; humidity chamber; thermal cycling chamber; water absorption rigs
sample types	Mortar specimens; cured panels; chair components; coated coupons
sample submission requirements	Provide specimens meeting declared geometry, batch identity and curing/conditioning instructions.
typical turnaround days	6
report reference examples	LAB-RPT-DEMO-004-26027; LAB-RPT-DEMO-004-26044
keywords	mechanical testing; construction lab; durability; mortar; material performance
synonyms	building materials lab; mechanical materials lab; durability testing lab

LAB-DEMO-005 - Record 5

Identity and status

Location and contact

Scope and products

Testing capability

Search terms

Field	Value
demo id	LAB-DEMO-005
laboratory name	LumaVolt Lighting Performance Lab (Synthetic)
laboratory id	LAB-ID-DEMO-005
registration number	REG-LAB-DEMO-005
laboratory status	Active
accreditation status	Synthetic accreditation reference active
accreditation reference	ACC-DEMO-TN-26005
status date	2026-08-05
validity end date	2027-08-04
location	Demo Electronics Park, Chennai, Tamil Nadu
state	Tamil Nadu
contact reference	LAB-CONTACT-DEMO-005
scope of testing	Photometric, electrical and environmental performance testing of LED road and area luminaires.
product categories	Lighting products; LED road luminaires; outdoor luminaires
applicable standards	IS DEMO 1005:2026
test methods	Luminous flux; electrical input power; power factor; chromaticity; thermal rise; ingress screening; endurance conditioning
available tests	Photometry; electrical input; thermal performance; power factor; environmental conditioning; basic endurance
equipment / capabilities	Goniophotometer; integrating sphere; power analyser; thermal chamber; environmental conditioning enclosure
sample types	Complete luminaires; LED modules; drivers paired with declared luminaire
sample submission requirements	Submit complete production luminaire with driver, optical assembly, rated input information and installation orientation.
typical turnaround days	10
report reference examples	LAB-RPT-DEMO-005-26011; LAB-RPT-DEMO-005-26025
keywords	lighting; LED; photometry; road luminaire; power factor
synonyms	lighting test lab; LED lab; photometric laboratory; luminaire testing centre

LAB-DEMO-006 - Record 6

Identity and status

Location and contact

Scope and products

Testing capability

Search terms

Field	Value
demo id	LAB-DEMO-006
laboratory name	Suraksha Head Protection Lab (Synthetic)
laboratory id	LAB-ID-DEMO-006
registration number	REG-LAB-DEMO-006
laboratory status	Active
accreditation status	Synthetic accreditation reference active
accreditation reference	ACC-DEMO-UP-26006
status date	2026-07-20
validity end date	2027-07-19
location	Demo Industrial Testing Campus, Kanpur, Uttar Pradesh
state	Uttar Pradesh
contact reference	LAB-CONTACT-DEMO-006
scope of testing	Impact, penetration, retention and environmental conditioning of protective headgear.
product categories	PPE; industrial helmets; protective headgear
applicable standards	IS DEMO 1001:2026
test methods	Impact attenuation; penetration resistance; retention system load; conditioning cycles; visual construction checks
available tests	Impact; penetration; retention; low/high temperature conditioning; moisture conditioning
equipment / capabilities	Helmet headforms; impact striker; penetration apparatus; retention load frame; climate conditioning chamber
sample types	Complete helmets; suspension assemblies; chin straps
sample submission requirements	Submit complete helmet units with production identification and declared model configuration.
typical turnaround days	5
report reference examples	LAB-RPT-DEMO-006-26008; LAB-RPT-DEMO-006-26016
keywords	PPE testing; helmet testing; impact; penetration; retention
synonyms	helmet test lab; PPE laboratory; head protection test centre; safety helmet lab

LAB-DEMO-007 - Record 7

Identity and status

Location and contact

Scope and products

Testing capability

Search terms

Field	Value
demo id	LAB-DEMO-007
laboratory name	AgniSafe Gas Appliance Test House (Synthetic)
laboratory id	LAB-ID-DEMO-007
registration number	REG-LAB-DEMO-007
laboratory status	Active
accreditation status	Synthetic accreditation reference active
accreditation reference	ACC-DEMO-RJ-26007
status date	2026-08-10
validity end date	2027-08-09
location	Demo Energy Equipment Cluster, Jaipur, Rajasthan
state	Rajasthan
contact reference	LAB-CONTACT-DEMO-007
scope of testing	Gas appliance safety and performance testing for LPG heating appliances.
product categories	Gas appliances; LPG cabinet heaters
applicable standards	IS DEMO 1007:2025
test methods	Gas tightness; combustion performance; flame stability; tip-over response; surface temperature; burner performance
available tests	Gas leakage; combustion; flame stability; temperature; safety shut-off; tip-over screening
equipment / capabilities	LPG test manifold; calibrated gas flow meters; flue gas analyser; thermal sensors; tip-over fixture
sample types	Complete heaters; burners; valves; control assemblies
sample submission requirements	Submit complete appliance with declared gas configuration, installation manual and model identification.
typical turnaround days	9
report reference examples	LAB-RPT-DEMO-007-26018; LAB-RPT-DEMO-007-26034
keywords	gas appliance; LPG heater; combustion; leakage; safety testing
synonyms	gas appliance lab; LPG test lab; heater testing laboratory; combustion test house

LAB-DEMO-008 - Record 8

Identity and status

Location and contact

Scope and products

Testing capability

Search terms

Field	Value
demo id	LAB-DEMO-008
laboratory name	EcoMat Environmental Materials Lab (Synthetic)
laboratory id	LAB-ID-DEMO-008
registration number	REG-LAB-DEMO-008
laboratory status	Active
accreditation status	Synthetic accreditation reference active
accreditation reference	ACC-DEMO-OD-26008
status date	2026-07-01
validity end date	2027-06-30
location	Demo Green Materials Estate, Bhubaneswar, Odisha
state	Odisha
contact reference	LAB-CONTACT-DEMO-008
scope of testing	Environmental exposure, water interaction and material durability assessments for construction and polymer products.
product categories	Construction materials; polymers; drainage products
applicable standards	IS DEMO 1011:2026; IS DEMO 1004:2024
test methods	Water absorption; thermal cycling; UV exposure; dimensional stability; environmental conditioning
available tests	Accelerated weathering; water absorption; thermal cycling; dimensional stability; exposure conditioning
equipment / capabilities	UV chamber; thermal cycling chamber; water immersion tanks; dimensional measurement system
sample types	Pipe sections; mortar panels; polymer coupons
sample submission requirements	Provide conditioned and unconditioned specimens where comparative environmental performance is requested.
typical turnaround days	12
report reference examples	LAB-RPT-DEMO-008-26005; LAB-RPT-DEMO-008-26021
keywords	environmental testing; weathering; polymer; drainage pipe; durability
synonyms	environmental lab; weathering test laboratory; polymer durability lab; exposure testing centre

LAB-DEMO-009 - Record 9

Identity and status

Location and contact

Scope and products

Testing capability

Search terms

Field	Value
demo id	LAB-DEMO-009
laboratory name	RenewGrid Solar Structures Test Lab (Synthetic)
laboratory id	LAB-ID-DEMO-009
registration number	REG-LAB-DEMO-009
laboratory status	Active
accreditation status	Synthetic accreditation reference active
accreditation reference	ACC-DEMO-GJ-26009
status date	2026-08-15
validity end date	2027-08-14
location	Demo Renewable Energy Park, Ahmedabad, Gujarat
state	Gujarat
contact reference	LAB-CONTACT-DEMO-009
scope of testing	Mechanical load, corrosion exposure and installation component testing for rooftop solar mounting systems.
product categories	Renewable energy; rooftop solar mounting systems
applicable standards	IS DEMO 1009:2026
test methods	Static load; cyclic loading; fastener pull-out; dimensional verification; corrosion conditioning
available tests	Load testing; joint integrity; fastener pull-out; dimensional checks; corrosion exposure
equipment / capabilities	Structural test frame; hydraulic actuators; pull-out rig; salt-spray cabinet; digital displacement sensors
sample types	Mounting rails; clamps; brackets; assembled rooftop frame sections
sample submission requirements	Submit representative assembly with fastener grades, installation drawing and torque requirements.
typical turnaround days	11
report reference examples	LAB-RPT-DEMO-009-26012; LAB-RPT-DEMO-009-26029
keywords	solar mounting; renewable energy; structural testing; load testing; corrosion
synonyms	solar structure lab; PV mounting test lab; renewable energy test centre

LAB-DEMO-010 - Record 10

Identity and status

Location and contact

Scope and products

Testing capability

Search terms

Field	Value
demo id	LAB-DEMO-010
laboratory name	Precision Furniture & Consumer Durability Lab (Synthetic)
laboratory id	LAB-ID-DEMO-010
registration number	REG-LAB-DEMO-010
laboratory status	Suspended
accreditation status	Synthetic accreditation suspended pending corrective review
accreditation reference	ACC-DEMO-HR-25010-SUS
status date	2026-05-15
validity end date	2026-05-14
location	Demo Product Testing Park, Gurugram, Haryana
state	Haryana
contact reference	LAB-CONTACT-DEMO-010
scope of testing	Furniture structural safety, load and cyclic durability testing.
product categories	Furniture; modular office chairs; consumer seating
applicable standards	IS DEMO 1008:2024
test methods	Static load; seat/back durability cycling; arm-rest load; caster/footrest checks
available tests	Chair strength; fatigue cycling; stability; arm-rest loading; component checks
equipment / capabilities	Furniture durability cycling rigs; load frames; stability platform
sample types	Complete chairs; structural subassemblies
sample submission requirements	Submission temporarily not accepted while laboratory status is suspended.
typical turnaround days	Not available while suspended
report reference examples	LAB-RPT-DEMO-010-24019; LAB-RPT-DEMO-010-24031
keywords	furniture testing; office chair; durability; suspended laboratory
synonyms	chair test lab; furniture lab; seating durability laboratory

LAB-DEMO-011 - Record 11

Identity and status

Location and contact

Scope and products

Testing capability

Search terms

Field	Value
demo id	LAB-DEMO-011
laboratory name	MetalSafe Chemical & Coating Analytics Lab (Synthetic)
laboratory id	LAB-ID-DEMO-011
registration number	REG-LAB-DEMO-011
laboratory status	Active
accreditation status	Synthetic accreditation reference active
accreditation reference	ACC-DEMO-KL-26011
status date	2026-08-18
validity end date	2027-08-17
location	Demo Industrial Analytics Zone, Kochi, Kerala
state	Kerala
contact reference	LAB-CONTACT-DEMO-011
scope of testing	Chemical composition, coating characteristics and corrosion-related analysis for metal and consumer products.
product categories	Metal products; stainless steel utensils; coated consumer products
applicable standards	IS DEMO 1006:2025; IS DEMO 1009:2026
test methods	Elemental composition; coating thickness; corrosion exposure; material identification
available tests	Chemical composition; alloy verification; coating thickness; corrosion screening
equipment / capabilities	ICP-OES; XRF analyser; coating thickness gauge; corrosion chamber; metallographic microscope
sample types	Metal utensils; coated coupons; fasteners; mounting components
sample submission requirements	Submit representative sample with alloy declaration, surface finish and batch identification.
typical turnaround days	7
report reference examples	LAB-RPT-DEMO-011-26009; LAB-RPT-DEMO-011-26026
keywords	chemical testing; metal analysis; stainless steel; coating; corrosion
synonyms	chemical lab; metals testing lab; alloy analysis laboratory; coating test centre
